

# Importing ChiroTouch Macros

1. Open CTPProvider

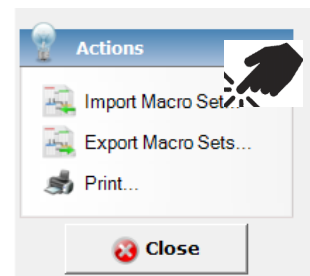

2. Click on “Settings” in upper left corner

3. Click on “Chart Notes” in left column then “Macros Setup...”

4. Click on “Import Macro Set...” in the lower left corner.

5. Locate the “Kirkham Macros (www.ChiroToolkit.com)” macros set and click open.

6. Setup the “Macro Options” as shown in the image in step 3 above.
